**Discuss – FY19-20 Revenue Projections/Millage Rate**

The City Manager stated that the FY19-20 Budget Timetable calls for the City Manager and Finance Director to review with Council revenue projections for the new fiscal year for key funds. He reviewed with Council the proposed FY19-20 millage rate and discussed the possibility of levying 1 mill (keeping the total millage rate at 9 mills) for improvements to the Theatre. He also reviewed proposed utility rates for the next several fiscal years. He also discussed using reserves in the General Fund to pay cash for the new aerial truck rather than borrowing. This will likely cause reserves in the General Fund to dip slightly below 10% of total expenditures.

Council received the update, no action taken.

Millard: Stated that the feral cat issue is a problem within the City, and that something needs to be done to remedy the situation. He stated that he would research the issue and share his findings.
