

WATER SYSTEM FLUSHING NOTICE – FALL 2023

The City of Ionia will begin flushing all areas of the City's water system on August 28, 2023. Flushing during the day will be from 7:00 a.m. – 3:00 p.m. and at night from 10:00 p.m. – 6:00 a.m. It will take approximately six-weeks to complete the flushing. During flushing, discoloration of the water may occur because of the surging of water in the water mains to remove sediment and minerals. Water customers are asked to check their water before doing laundry or washing items which could be damaged by discoloration. During flushing water is safe to drink but may be discolored due to presence of minerals. Questions should be directed to the Department of Public Utilities at (616) 523-0167.
