Judging Criteria

Overall Creativity

How original and creative the performance is. Think of ideas to impress the judges and generates crowd response!

Appearance & Stage Presence

Use of costumes and props - and how well the costumes, hair style and accessories match the look or actions of the original artist being recreated.

Use of facial expressions, gestures and choreography which simulates the likeness of the original performer(s).

Crowd Appeal and Audience Response

Ability to engage the crowd and generate audience response. Don't just stand there...dance, smile, make eye contact, have FUN...and WOW your fans!!

Lip Sync Ability

The ability to mouth the words of a song in perfect synchronization with the recording, thereby creating the illusion that the person or group is actually performing the song on stage in concert!

Precise synchronization between the sound and performer is critical. When a word or a note is being sustained for a long period of time, the performer must exhibit the same amount of tension or energy which it takes to actually sing the song.

Any spoken words also should be recognized.

Use of microphone.
